*These cases typically involve reports of sex trafficking in which an individual is advertised for commercial sex online but the venue of the sex act is unknown or not specified.

**To protect the identity of the people we serve, the NHTRC does not disclose exact statistics related to trafficking locations, venues, industries, victim information or caller information referenced fewer than three times.

***This typically occurs when a law enforcement agent or service provider contacts the NHTRC for resources and referrals but does not disclose details about the trafficking situation due to confidentiality. This category also includes cases in which the person reporting the information references human trafficking but does not provide further detail regarding the presence of labor or commercial sex. These cases are often submitted to the NHTRC through anonymous online tip reports.
